

La Doce Food Documentation Team Presents: Community Pachanga - Sharing Stories Through Food!

Come join us on **Saturday, May 6th, 2017** at Pueblo High School to learn about our community mapping project along South 12th Avenue. We want to share our findings with you and also what our next steps are!

ACTIVITIES

4-4:30pm: See Posters!

Come see the beautiful and informative posters created by our documentation team. You will learn about green spaces along La Doce, gardening and food growing, and student perspectives on community work.

4:30-7pm: Questionnaires!

Join our folklore project by filling out a short questionnaire about your family's food traditions and gardening practices. Everyone who fills out a questionnaire will receive a small gift as a token of our thanks.

4:30-5pm: Welcome!

La Doce Team will talk about the origins and goals of the La Doce project.

4-7pm: Eat!

Please bring a family dish to share with others for a potluck style meal. Catered food will also be provided.

5-7pm: Dancing to spins by DJQ!

This project is supported in part by: Funder's Network for Smart Growth and Livable Communities and the Community Foundation for Southern Arizona in partnership with the City of Tucson.
